Memorandum

NJCE Underwriting Manager Team

CONNER
STRONG &
BUCKELEW

This will serve as the annual renewal memorandum from the Underwriting Manager to all NJCE members and Risk Management Consultants in preparation of the 2025 renewal.

Brief Renewal Overview

- ✓ **Property** – While we are still well within hurricane season, global property losses this year continue to be within the anticipated losses for the industry, which indicates we can expect positive renewal results in terms of rates, coverages and capacity.
- ✓ **Liability** – Underwriting appetite has slightly increased in the Liability space, but Public Entity continues to see a very small marketplace with difficult underwriting restrictions. The overall liability market is seeing a slowing rate of loss development increase (“social inflation”); however, even the most recent years continue to experience high single to low double-digit increases. Simply, losses continue to settle higher than expectations. Specific to the NJCE, NJ has landed on some of the top Liability lists, such as #9 on the “Judicial Hellholes” list and #2 in tort costs as a percentage of state GDP.

We have continually discussed the two growing and crucial exposures of Aging Infrastructure and Sexual Abuse/Molestation, but Auto Liability is persevering as a loss leader and setting new records in frequency and severity.

- ✓ **Workers’ Compensation** – We are all intimately aware of our Workers’ Compensation history, but it is worthwhile noting New Jersey is #1 in Workers’ Compensation costs (175% higher than the median) and is #9 for Local Government Incident Rates.
- ✓ **Cyber** – Cyber events continue to increase in frequency and severity, with some of the largest known claim costs in NJ local government coming in the past 12 months. It’s critical to be aware the events we continue to experience are still very typical types of events (social engineering, unpatched security, email compromise).
- ✓ **Public Officials & Employment Practices** – We continue to see an increase in the severity of our losses, but it is still at a very predictable rate. Employment Practice claims should be our focus due to their significant total loss dollars.
- ✓ **Environmental** – The Environmental market has been stabilizing over past few years, but we continue to see stringent underwriting and some restrictive terms and conditions. We expect to see stable terms, conditions and rates for the coming term.
- ✓ **Medical Malpractice** – The Medical Malpractice space continues to be difficult and limited, especially for hospital and long-term stay risks. We have seen the beginning of new capacity entering the market. We expect stable terms for the coming renewal, with consistent single digit rate increases.

Other Reminders

- ✓ **Vacant Property** – Please be reminded, Vacant Properties are only covered for Actual Cash Value unless otherwise formally requested and favorably reviewed by the JIF. Debris Removal Only and Replacement Cost are available after review.
- ✓ **Historic Property** – Please be reminded, Historic Properties listed on an official historic register (national, state or local) are eligible for special Historical Replacement Cost coverage; however, an official historic appraisal must be on file and sent to the Underwriting Manager to review.
- ✓ **Builder's Risk** – Any projects with new square footage qualify for Builder's Risk. All such projects over \$25m project value must be separately underwritten, so submit the application early.
- ✓ **Renewal Certificates** – Renewal certificates are released in the Fall. As such, it is crucial to review your Certificate Holder lists now.
- ✓ **Automobile ID Cards** – The quantity of Auto ID Cards issued per member is determined based upon your schedule of vehicles in Origami. Ensure your records are updated to reflect all active Vehicles.
- ✓ **Contact Information** – All renewal documents are distributed based upon the contact information in Origami. Ensure your records are updated so documents are sent to the appropriate place.
- ✓ **Special Flood Hazard Area (SFHA)** – The JIF does not determine flood zones and has coverage limitations for locations within SFHAs. Specifically, the member's deductible in an SFHA is the maximum available limit from the NFIP, which is typically \$500,000.
- ✓ **Financials** – Provide your most recent audited financials and current interim financials.
- ✓ **Pollution** – Please be reminded of the reporting requirements of the NJCE's Pollution program, such as for Capital Improvements, New Locations and Tank changes.

Most NJCE LIVE virtual offerings have been awarded continuing education credits for municipal designations and certifications.

The live virtual monthly training schedules and registration links are available on the NJCE.org website under the “Safety” tab: [NJCE Live Monthly Training Schedules](#). Please register early, under-attended classes will be canceled. *(September thru October 2024 Live Training Schedules and Registration Links are attached).*

Zoom Safety Training Guidelines:

Attendees who enter the class more than 5 minutes late or leave early will not be awarded CEUs for the class or receive a certificate of completion. To maintain the integrity of the classes and our ability to offer CEUs, we must abide by the rules of the State agency who issued the designation. Chief among those rules is the attendee of the class must attend the whole session. **This guideline also applies to any participant taking the class as part of the NJCE Leadership Academy Program. (The Leadership participant must be in attendance for the entire class runtime no exceptions in order to receive credit for the class.)**

The Zoom platform is utilized to track the time each attendee logs in and logs out of webinars. Also, we can track participation, to demonstrate to the State agency that the student also participated in polls, quizzes, and question & answer activities during the live, instructor-led webinar. We maintain these records to document our compliance with the State agency.

Zoom Training Registration:

- When registering, please indicate the number of students that will be attending with you if in a group setting for an accurate count to avoid cancelations due to low attendance. Once registered you will receive an email with the webinar link. Be sure to save the link on your calendar to access on the day of training.
- Please register Early (at least 48 hours before, as Under-attended classes may be cancelled).
- A Zoom account is not needed to attend a class. Attendees can login and view the presentations from a laptop, smartphone, or tablet.
- Zoom periodically updates their software. After registering for a webinar, the confirmation email contains a link at the bottom to Test your system. We strongly recommend testing your system, and updating it if needed, at that time.

- Please [click here](#) for informative Zoom operation details.
- It is suggested you log in to the webinar about 15 minutes early, so if there is an issue, there is time to address it. We cannot offer credit or CEUs/TCHs (or Leadership Academy Participants) to attendees who log in 5 minutes late or leave early.
- Group Training procedures:
 - Please have one person register for the safety training webinar and also ensure that person will have access to the webinar link to launch on the day of the class.
 - Group sign in sheet: Please assign someone to submit the completed sign-in sheet(s) within 24 hours of the webinar. [***NJCE Live Virtual Training Group Sign in Sheet.***](#)
